

Do you have hearing challenges when you travel but LOVE cruising? How about a fully-accessible Caribbean cruise?

Join us on our 8 night Annual Hearing Accessible Cruise sailing the Eastern Caribbean November 26, 2016 from Ft. Lauderdale aboard Royal Caribbean's Freedom of the Seas. Our cruise is hosted by Lynn Rousseau, Past President of Florida HLAA and open to all travelers, not just those who are hard of hearing or late-deafened.

Cruise highlights include four days in the ports of Labadee, San Juan, St. Maarten and St. Kitts, plus three full days at sea to explore the ship's many attractions. Special hearing accessible services provided to our group include assistive listening devices (ALD's) in the cabins, CART (captioning) for the evening performances with reserved seating for the group, written safety drill instructions and group dining along with the Canadian Hard of Hearing Association.

Exclusive group rates start at \$798 per person and include a \$50 per cabin onboard credit. Lower promotional rates may apply and are combinable with the group amenities.

Please contact our Travel Agent, Barbara Maher from GO Travel to reserve your space and/or Lynn Rousseau for more information about the hearing accessible services.
